### Description

The Gitzo **GT2545T** Series 2 **Traveler carbon fiber tripod** is the strongest professional, **4-section** travel support with an 180° leg folding system pioneered by Gitzo, which enables its legs to reverse-fold around the center column and an optional ball head, allowing it to fold down to 44.5 cm. It is recommended for use with **200mm lenses**(300mm maximum). With its leg angles spread and the included short center column inserted, the tripod goes lower for **low-angle or macro shots**.

This tripod has the largest tube diameters in the Traveler range. It features **Carbon eXact** legs for **superior strength** and **stiffness** and the “**Traveler G-lock**” - a travel-size version of Gitzo’s G-lock, specifically designed to ensure **security** in more compact tripods. Its specially-designed **rubber feet** are easily interchangeable with Gitzo’s optional feet (e.g. spikes, large feet). It comes with its own **shoulder strap** for comfortable carrying. It is the ideal tripod for professional photographers who use longer lenses or require the **highest stability on the move**.

The kit also includes the GH1382QD Series 1 **Center Ball Head**, Gitzo’s medium-sized professional **tripod head**. Despite its **slim design**, it is packed with features, including a **friction control knob** located inside the ball locking knob for **precise adjustment**. It has a **360° independent**

## Tripods: Gitzo Traveler GK2545T-82QD Tripod kit

---

**panning lock** and a ball-movement control lock. It provides uncompromising **ball smoothness** and is constructed with **high-quality, high-resistance** steel and aluminium components. The supplied **quick-release plate** is kept locked with a screw-knob and a **bubble level** helps photographers keep a straight horizon. The GH1382QD is a **perfectly balanced, versatile** tripod head engineered to ensure the ultimate **smoothness** and **precision** of movement and **secure locking**. Supplied with the short, **Arca-Swiss compatible plate** (GS5370SD) and compatible with all Gitzo's D profile plates and most Arca-Swiss style plates by other brands.

The GK2545T-82QD carbon fiber tripod/head kit is the perfect choice for passionate and professional photographers looking for **sturdy, reliable support** for **flawless travel photography**.
